

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_95894
Title of the Manuscript:	Slow and Controlled Release Nitrogen Fertilizers An Option For Improving Rice Productivity - A Review
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	1. This manuscript is vital to agricultural production in making available to producers suitable alternatives to conventional fertilization. By going into detail about slow-release fertilization, the author clearly makes a case for their widespread use. The descriptions of fertilizer products should be of benefit to farmers. 2. An alternative title could be: "Slow and Controlled Release Nitrogen Fertilizers: Options for Improving Rice Productivity". 3. The abstract should go into more detail about how slow-release fertilizers boost soil health. 4. All subsections should have consistent line spacing and font type/size. 5. Yes. 6. Yes. 7. Fix grammatical issues throughout the paper. 8. Label y-axis on Figure 2.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	Interesting and beneficial paper for rice producers. With a few edits and adjustments, this should be ready for publication.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
