

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_96947
Title of the Manuscript:	Effect of chemical fertilizer and tobacco stalks-derived biochar on FCV tobacco yield, nutrient use efficiency and carbon management index in a light textured Alfisol
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u>	Tobacco, the golden leaf is one among the leading commercial crops Since the tobacco crop is considered an industrial crop, crop residues are often used as animal feed. Therefore, the best fertilization methods must be chosen to increase productivity and improve quality. This manuscript is important because it is under study Effect of chemical fertilizer and tobacco stalks-derived biochar on FCV tobacco yield, nutrient use efficiency and carbon management index in a light textured Alfisol • The title is good and consistent with the content • The research is good in terms of introduction. The materials, methods of work, results and discussion are good. Additional recent sources are preferred The summary is very good Review the numbers in the text, tables, and graphics and make sure they are accurate The number of sources used is too many, please add other sources and focus on modern ones	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
