The problem is interesting and generally the paper is well written in English except for several grammatical corrections. The abstract and introduction misses some necessary ingredients. The author has to summary all references briefly in the introduction section.</p> <p>The author has to add some new recently published papers which are in the ithenticate report but not in the references section of the paper. Also, some useful papers should be added as follows:</p> <p>[1] Piyush K.Shukla, Özen Özer, 2020, The Interplay Between Missing Data and Out-of-Order Measurements using Data Fusion in Wireless Sensor Networks, Vol. 01, No. 02, PP. 66-78, 2020, DOI: 10.54216/FPA.010202 , ASPG-FPA Journal</p> <p>[2] H.
