PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. This manuscript is play an important role to all the agriculture stockholder like farmer, policy maker, state agriculture department, SAU's, Research centre.</p> <p>2. The title of manuscript is well suited. But maybe at place of regarding also use towards is more appropriate.</p> <p>3. Kindly tab to first word of abstract and in Keywords kindly do first fist later capital.</p> <p>4. Introduction- kindly write (Anonymous 2018) and no need to this content. In our country, the set-up of our agricultural system is mainly divided in three components i.e., research, education and extension (ICAR Handbook of Agriculture). Extension plays a large role in bridging the gap between farmers and research which can be validated with the success of green revolution programmes of the late 1960s. The extension service in the country has a huge network of professional extension workers at the national, state district, sub-division, and block and village level.</p> <p>Methodology- in eleven number rows add yes Result –in table 1& 2 . Use Per cent at place of symbol (%) and use italic f for frequency I fig. 1 wire value of 26.00</p> <p>5. Manuscript is scientifically correct.</p> <p>6. Kindly add more references.</p> <p>➤ In results use of Mean Percent Score –(MPS) is more scientifically than Per cent.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
