

Review Form 1.6

Journal Name:	Asian Journal of Advanced Research and Reports
Manuscript Number:	Ms_AJARR_94937
Title of the Manuscript:	Calculation of Bohr's radius of any atom on the basis of Planck constant free equation, mathematical complexities, and atomism.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Compulsory REVISION comments		
Minor REVISION comments	<p>The paper titled " Calculation of Bohr's radius of any atom on the basis of Planck constant free equation, mathematical complexities, and atomism " describes research on general atomic radius. The subject of the study is interesting and innovative, and this work can be published in this journal after the corrections of the following items.</p> <ol style="list-style-type: none">1- The title of the manuscript needs to be corrected both grammatically and conceptually.2- The manuscript should be corrected in terms of native English grammar.3- In the introduction, it is necessary to refer to further studies in this field.4- It is better to reduce the introduction and expand the discussion section.5- The conclusion part should be written more comprehensibly so that it becomes attractive to non-academic people as well.
