### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajmah.com/index.php/AJMAH/editorial-policy>)

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>A lot of grammatical and linguistic mistakes, some spellings, present past synchrony missing at times. Unnecessarily lengthy information with window dressing, verbosity and repetition of information at many points, in the introduction, results and discussion section. Can be easily trimmed to make it more compact, comprehensive and smooth. At points, information has been given without a reference.</b>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	Some areas have been pointed out in the text. Based on that whole manuscript can be reviewed AND necessary revision made. It is suggested that manuscript should be revised in supervision of someone with good experience in writing and organising information. Before submission editing must be done to avoid grammatical errors.	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
