

Review Form 1.6

Journal Name:	Asian Journal of Biology
Manuscript Number:	Ms_AJOB_94660
Title of the Manuscript:	Trace-Element Analysis of the Pineal Gland in the Presence of Zn Excess
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The title is Trace-Element Analysis of the Pineal Gland in the Presence of Zn Excess, and the main objective of this study is to discuss the advantages of examining using the TRXF technique. This is not implied in the title. And the aim of this study has not yet stated clearly.</p> <p>The concentrations ($\mu\text{g.g}^{-1}$) of S, Cl, K, Ca, Ti, 228. Mn and Fe also increased relative to those of the PG of the control animals. Is the aim of this study or the title of this study is measurements of Zinc excess or all of those elements? Pls describe the correlation and thank you</p>	
Minor REVISION comments	Please improve Abstract, Research objectives, Methods that are friendly to readers equipped with good and sequential literature.	
Optional/General comments	An interesting study discusses the advantages of the TRXF technique, but the writing needs improvement in writing so that it is easy to understand and provides clear information for the reader.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
