

Review Form 1.6

Journal Name:	Asian Journal of Probability and Statistics
Manuscript Number:	Ms_AJPAS_92931
Title of the Manuscript:	ASSESSMENT OF THE IMPACT OF SOME SOCIO - ECONOMIC VARIABLES ON WORLDWIDE AVERAGE LIFE EXPECTANCY: A LOGIT APPROACH
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajpas.com/index.php/AJPAS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Please check for the correctness of English of the manuscript. There are some instances found which require grammatical corrections. e.g. "Life Expectancy is a veritable indicator...", "Countries who have Access to Electricity are 1.113 times (prob=0.53) more likely to attend the worldwide life expectancy" etc.	
Optional/General comments	Authors have addressed good topic of impact of socio-economic factors like access to electricity, per capita GDP, per capita health expenditure etc. on life expectancy of the people and hence well being of a nation. Some meaningful conclusions were drawn using well-known algorithms applied on the datasets.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
