If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>Yes this manuscript would be useful for the society as it suggests the importance of organic farming.</p> <p>YES VERY APT FOR THE STUDY CONDUCTED.</p> <p>YES</p> <p>YES</p> <p>YES. But the author could have also analysed the mineral content of poultry droppings, saw dust, goat dung and biochar.</p> <p>Alignment of references is important and need to be corrected. Good study as the use of organic farming could remove the fear due to pesticides and insecticides. At the same time protecting the rare species could also provide a health benefit to the society and also create awareness.</p>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	YES	
<p><b>Optional/General</b> comments</p>
