Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The paper is an important descriptive work of the cultivation situation of black cardamom in a certain area. There is a comprehensive description of the importance of this cultivation, its development over time, the problems that climate change has caused. The language used is simple, correct and precise; very clear and explanatory tables and graphs complete this description, title of paper and abstract are clear too. Sections of paper are appropriate. The description itself is based on a careful work of documentation testified by a rich and recent bibliography.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 		
<p>Optional/General comments</p>
