PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The study analysed the impact of ICT tools in dissemination of Agromet Advisory Services (AAS) among farmers in Mahabubabad district of Telangana, India through DAMU. This is an extremely important implication for researchers and farmers in agriculture production.	
Minor REVISION comments	The author should edit and add the following sections or information: Materials and methods: - The authors should clarify the reasons for sampling to see sample representativeness. Adding total units overall, survey content and analytical methods. Conclusion: In results and discussion, the author didn't mention "illiterate farmers" the author concluded: "However, ways and means to disseminate such weather advisories to reach illiterate farmers also needs to be focused". So it needs editing to ensure the logic in the research.	
Optional/General comments	This paper is required minor revision comments.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
