

## Review Form 1.6

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_94948
Title of the Manuscript:	Early Prediction of Asymptomatic Cardiac Insult in Pediatric Patients with Lysosomal Storage Diseases
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>1. Abstract : Aims should be specific and clear. Better to modify it</b> <b>2. Introduction: Mention the significance of NT-proBNP in "Introduction" and the method used for its estimation in " Methods" with reference</b> <b>3. Better to define Abbreviations (use Expansion) at first mention –(eg: MPS, GAG etc.)</b> <b>4. Some statistical analysis( eg: correlation) missed " materials and methods " section</b>	
<b>Minor</b> REVISION comments	Quality of the article could be strengthened by modifying the presentation of aims, mention the role of NT-proBNP ( as the selected biomarker) in introduction, modifying the presentation of statistical analysis etc. <b>Mentioned in the manuscript as review comments</b>	
<b>Optional/General</b> comments	Well designed study addressing the innovative issues related to Lysosomal Storage disorders . The study contributes novel knowledge to current literature	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
