Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Basically, this is good manuscript which have one problem. The author(s) obviously think that journals like this are places where you can publish any kind of advertisements. The authors obviously do not know that this is unacceptable. Serious scientific journals do not publish advertisements or even links to private companies that offer certain services. In this paper, there is a link that points to the Internet address of a company that offers such services, which the author(s) should remove.
