PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none"> 1. The results section is almost empty, needs to be revised by providing concrete findings of the study. The author should provide whatever was gathered from the field. 2. Questionnaires solicit statistical data, I cant see it in your results section. The little available data is not not sufficiently interpreted and discussed. 3. It is not clear how you collected the data. Make it come out perfectly. 4. In most developing countries like Nigeria community radio licencing is almost free, you have challenged this by claiming the charges are very high, convince your readers with some reference material 	
<u>Minor</u> REVISION comments	none	
<u>Optional/General</u> comments	none
