Research objectives, Hypotheses, Significance of the Study, Justification of the Study, Scope of the Study and the, have all been well and clearly stated. But the <b>significant findings</b> not stated clearly yet. All references have been cited properly and correctly. References are mostly dominated by journal articles. The results and discussion have been presented properly according to the rules of good and correct writing. However, this manuscript needs to be supplemented with a <b>conclusion</b> explaining the results of the study and the important findings obtained. I also suggest that the author writes suggestions for further research and</p>
