PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes. supplementation of dried mushrooms in broiler chicken diets is a novel research for the scientific community contributes to expanding scientific knowledge in the field of animal nutrition.</p> <p>Title is suitable.</p> <p>I found it to be quite comprehensive. I have observed several grammatical mistakes and issues with writing skills in the abstract. While the abstract provides a brief summary of the study's objectives, methods, and findings, it lacks clarity and coherence due to these language-related errors.</p> <p>Yes, but i suggest a modification in the 'Materials and Methods' section. Duration of study- Name of the department's where the study was conducted is missing? Management and housing- can modify by title "Housing and nutritional management". In this subsection, Table 1 and 2 indications is missing Chemical analysis of feed, residues and faeces- can replaced by title "Chemical analysis of offered feed, feed residues and faeces". Labelling of groups G1, G2, G3, G4 is not in same in whole manuscript.</p> <p>References in text are not according to guidelines. Discussion is not relevance with result and objective. Mistakes in graph preparation</p> <p>References not as per the guideline of International Journal of Environment and Climate Change. Overall it lacks clarity and coherence due to these language-related errors.</p> <p>Discussion should be revised with relevant references.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>English quality is not well. However, author can improve the language and grammar in the manuscript</p>	
<p>Optional/General comments</p>	<p>Objective and vision of manuscript is applicable on poultry sector.</p>
