Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	YES YES YES In this manuscript the Author(s) want to show how the approximation technique can be used to get some explanations in the field of prime numbers which show a kind of hidden intractability. What kind of hidden intractability is also not explained logically. In spite of author(s) claim this is a research manuscript, I feel that it is a survey. Under survey mode, this manuscript can be published.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?		
Optional/General comments
