EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>Authors must improve the manuscript and especially take into account main comments also:</p> <p>1. Where is the location of Haryana? In which country? Describe the study area and add a map of this area.</p> <p>2. Add more literature review because the topic is interesting and wide in the scientific community. Add also more references because the paper looks poor with a such an interesting topic.</p> <p>3. Add a discussion section and compare in this your findings with the findings of similar studies. It is also necessary to discuss your results in depth.</p> <p>4. Present arguments about the originality of your paper and the contribution of the study.</p>	<p>Done and map is also added.</p> <p>Done</p> <p>Done</p> <p>this type of study has not been done somewhere else in haryana and the paper and its findings has not been published yet in any journal. robust measures have been given in the study may help in implementing the govt policies..</p>
