

Editor's Comment:

I have read the manuscript entitled: Estimates of genetic variability and scope of improvement in yield and quality traits of brinjal (solanum melongena L.); written by ;Manuscript number: 2023/IJECC/101726; Written by Akhil Kumar Chaudhary, Gulab Chand Yadav, Rajat Kumar Maurya, Anjana C.S , and Jaswant Prajapati. And also read reviewer's suggestion . I conclude that this paper is suitable to be published in International Journal of Environment and Climate Change.
