

Editor's Comment:

Dear Ruma Bag.

The manuscript is fine and accepted for publication after this minor correction. Two comments: while citing references 12 and 13 in the text it is desirable to add the authors names:

1) 'Similarly, the most major constraint in the production of turmeric in Middle Gujarat as mentioned by [12] ..' should be changed to 'Similarly, the most major constraint in the production of turmeric in Middle Gujarat as mentioned by Devi [12]

2)'Hence, infrastructural support and proper linkage among the actors are vital for advocating a sound marketing system as cited by [13]. \' should be change d to 'Hence, infrastructural support and proper linkage among the actors are vital for advocating a sound marketing system as cited by Bordoloi and Bhuyan [13].'

With best regards
