If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes it has scientific value.</p> <p>The title is too lengthy, it needs to be shortened: The effects of teaching physical education using the TPSR and TGFU models</p> <p>Yes the abstract is comprehensive.</p> <p>Yes</p> <p>To an extent. The study needs to be strengthened. The statistical analyses do not give an adequate picture of the findings. The researcher should consider conducting personal or focus group interviews to get additional information that would reflect the voices and views of the participants in this study.</p> <p>Some of the references are dated and more current references should be sourced.</p> <p>The researcher should briefly explain what the Merdeka curriculum is; what is Permediknas No. 22; also SISDIKNAS Law # 20? Remember an international audience will be reading this paper. Abbreviate physical education to PE at first mention, p. 2; not as has been done on p. 4. On page 14: is there a more recent study that the present one is similar to? A more recent study than Gubacs-Collins, 2007</p>
