

Review Form 1.7

Journal Name:	Asian Journal of Case Reports in Surgery
Manuscript Number:	Ms_AJCRS_102889
Title of the Manuscript:	Chylolymphatic Mesenteric Cysts Presenting with Acute Intestinal Obstruction -3 Case Reports
Type of the Article	Case report

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1-Chylolymphatic mesentery accounts for just 7.3% of all abdominal cysts, making mesentery cysts uncommon intra-abdominal tumours in children. From asymptomatic cystic masses to intestinal blockage, these cysts can show clinically in a variety of ways. So, it is a very interesting topic for study in surgical science.</p> <p>2- Yes, it is.</p> <p>3- Yes, it is.</p> <p>4- yes, but change in the method of description of the studied cases were required.</p> <p>5- yes</p> <p>6- No, I think more references of related research are needed to be added to the discussion.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Abstract:</p> <ul style="list-style-type: none"> - cysts - contains - tumours - may - year - paediatric - treated - end to end <p>Introduction</p> <ul style="list-style-type: none"> - mesentery - small - it - results - benign <p>Case Report 1</p> <ul style="list-style-type: none"> - in - centre - complains - abdomen - of - on - lesion - suggestive - mid-line - ranging - Gross - boy discharge - and no <p>Case Report 2</p> <ul style="list-style-type: none"> - in - centre
