

## Review Form 1.7

Journal Name:	<b>International Journal of Plant &amp; Soil Science</b>
Manuscript Number:	<b>Ms_IJPSS_102500</b>
Title of the Manuscript:	<b>STUDIES ON EXPLORATION OF THE PROXIMATE COMPOSITION, PHYSICAL ATTRIBUTES, AND BIOCHEMICAL PROPERTIES OF FRESH CORIANDER LEAFY VEGETABLES</b>
Type of the Article	

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy> )

### **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>1.The manuscript exploring the proximate composition, physical attributes, and biochemical properties of fresh coriander leafy vegetables is important for the scientific community. It contributes to the understanding of the nutritional value and potential health benefits associated with consuming coriander.</p> <p>2.The title "Studies on Exploration of the Proximate Composition, Physical Attributes, and Biochemical Properties of Fresh Coriander Leafy Vegetables" is suitable for the article as it accurately reflects the scope and focus of the study.</p> <p>3. Yes, the abstract of the article is comprehensive.</p> <p>4. Very Good, It provides a succinct overview of the investigation conducted, highlighting the main objectives, methods, and key findings of the study. The abstract covers the proximate composition, physical attributes, and biochemical properties of fresh coriander leafy vegetables, presenting numerical data for each component. It also emphasizes the nutritional value and potential health benefits of incorporating coriander into diets. Overall, the abstract effectively summarizes the important aspects of the research, making it comprehensive for readers who seek a concise understanding of the study's scope and findings.</p> <p>5. Overall, the manuscript provides is very good However, without access to the actual data and results obtained from the study, it is difficult to determine the accuracy and reliability of the findings presented in the manuscript. It would be necessary to review the results and statistical analyses to assess the scientific validity of the study.</p> <p>7. Pleases add more references and update 2018 -2023</p>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>		
<p><b>Optional/General</b> comments</p>		

**Review Form 1.7**

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
