

Review Form 1.7

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_102136
Title of the Manuscript:	Can Elementary Particles have Excited States
Type of the Article	Excited States of Elementary Particles

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalpsij.com/index.php/PSIJ/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes Study on Mass of neutron and its excited states; Mesons masses; Particle masses and etc</p> <p>Suggested title change to: Excited States of Elementary Particles</p> <p>Abstract should include 2-3 objective of this research, result, discussion and conclusion. Try to achieve 200-300 words in Abstract.</p> <p>Propose to restructure the journal: 1. "The excited state of particles" change to "Introduction" 2. Add more important title; Conclusions and suggestions</p> <p>Yes</p> <p>Please add more references (5-10 references) related to "Excited States of Elementary Particles". All formula/equation should have citation (references).</p> <p>Avoid to put the references at the 1st paragraph. Use your own word. In the early 50s of the last century, an important discovery was made in elementary particle physics [1].</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>If the writer has a time. Try to add "Research and development of Excited States of Elementary Particles"</p>	

Review Form 1.7

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
