

Editor's Comment:

On studying the mentioned research article, I found that this article is "**Original Research Article**", and has the followings:

- Title of the Article is suitable.
- Abstract is significant.
- Key words are present
- Introduction is explanatory.
- Literature Review is meaningful.
- Methodology is well understood.
- Result & Discussion are explanatory.
- Conclusion is comprehensive.
- References are enough.
- Overall article is Informative.

I **accept** the article entitled "**Stock valuation and business performance of property industry post covid-19 era (case study of pt b)**" for publication.
