<p><u>Optional/General</u> comments</p>	<p>Congratulation for the authors Agriculture is a permanent activity and so should be the related services. The fact that during the Covid 19 pandemic, farmers were served qualitatively and quantitatively by service providers is a positive thing. This means that they understood their major role in this field. The present study can be an alarm signal for those who did not satisfy the 30% of customers.</p> <p>!!!!!!!!!!!! Be attention to the Methodology, lines 9-10. I supposed that there is a mistake related to the Likert scale between points 1 and 5.</p>
