

Review Form 1.7

| | |
|--------------------------|---|
| Journal Name: | International Journal of Plant & Soil Science |
| Manuscript Number: | Ms_IJPSS_102935 |
| Title of the Manuscript: | System Productivity and Balance of Soil Phosphorus in Rice - Zero till Maize (Zea mays L.) Cropping System as Influenced by Levels of Phosphorus |
| Type of the Article | Original Research Article |

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.7

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p> | <p>Rice-maize is the predominant cropping system occupying in an area of 3.5 m ha in Asia after Rice-rice and rice-wheat cropping system. It is important to establish the phosphorus requirement of the rice - zero till corn (zea mays l.) culture system on the productivity of the system and the availability of the soil Phosphorus balance.</p> <p>yes</p> <p>yes</p> <p>yes</p> <p>yes</p> <p>yes</p> <p>Abstract - write briefly what is discussed in the article, where, in what period the research was carried out, with what purpose and what results were obtained. Introduction – authors mentioned in the text and numbered in the bibliography must be placed in square brackets. The results and discussions describe which results were obtained during the research period, include tables and figures that are mentioned in the text before and after, and describe in detail what the data included here represent. The authors mentioned in the text and numbered in the bibliography with the corresponding number must be placed in square brackets The conclusions are made based on the results obtained and must be structured on the points that have been established: 1....; 2...; ...</p> | |
| <p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p> | yes | |
| <p>Optional/General comments</p> | The title of the article to be written in capital letters | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|---|
| <p>Are there ethical issues in this manuscript?</p> | <p>(If yes, Kindly please write down the ethical issues here in details)</p> | |
