

## Review Form 1.7

Journal Name:	<b>Journal of Experimental Agriculture International</b>
Manuscript Number:	<b>Ms_JEAI_102371</b>
Title of the Manuscript:	<b>Impact of weather on population dynamics and infestation of Leucinodes orbonalis Guenee on brinjal</b>
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljeai.com/index.php/JEAI/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p><b>1. Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p><b>2. Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p><b>3. Is the abstract of the article comprehensive?</b></p> <p><b>4. Are subsections and structure of the manuscript appropriate?</b></p> <p><b>5. Do you think the manuscript is scientifically correct?</b></p> <p><b>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<ol style="list-style-type: none"> <li>1. This is important because it details pest management in agriculture, which is significant regarding food security and food quality in a developing part of the world. Now, of additional interest is the focus on the eggplant, which is a crop that is often overlooked but with some potential in certain growing conditions.</li> <li>2. Suggested Title: An analysis of the Impact of selected weather events on population dynamics and infestation of Leucinodes orbonalis Guenee on brinjal</li> <li>3. The abstract is mostly comprehensive but insert a sentence at the beginning about the bigger picture of this research. Also, if some of the statistics could be reduced or summarized, it would strengthen the summary.</li> <li>4. The subsections are fine as labeled but keep the capitalization and spacing consistent</li> <li>5. The article appears to be scientifically correct.</li> <li>6. The reference list is adequate and comprehensive.</li> <li>7. "During crop seasons" in materials and methods is not a sentence</li> <li>8. Please be sure the spacing between section headings is adequate and consistent.</li> <li>9. Write out percent in the table titles.</li> </ol>	
<p><b>Minor</b> REVISION comments</p> <p><b>1. Is language/English quality of the article suitable for scholarly communications?</b></p>	Yes, the English is suitable, but please see suggestions in the other document.	
<p><b>Optional/General</b> comments</p>	A great start to an interesting paper with intriguing follow-up publication possibilities!	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
