General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The author present an interesting review article that is worth publishing. However, some additional modifications are necessary before it can be accepted for publication (see below).</p> <p>Introduction: There are too few relevant references for a clear hypothesis. In order to make a greater impact on the manuscript, the authors are encouraged to review other scientific literature relevant to their research.</p> <p>Results: To make the reader understand more, please describe in more detail the results of all Tables and all Figure. Too many tables, the author should present the data in a variety of presentation formats.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
