

Review Form 1.7

Journal Name:	Asian Journal of Research in Crop Science
Manuscript Number:	Ms_AJRCS_102146
Title of the Manuscript:	Agronomic techniques and mechanized harvesting techniques for yams Status and countermeasures
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajrcs.com/index.php/AJRCS/editorial-policy>)

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes. In this paper authors analysed the characteristics of yam, the current situation of the yam economy in China, the development of mechanized techniques for yam harvesting at home and abroad, and the constraints. In addition, the development of casing yam cultivation techniques and mechanization of harvest is also promising.</p> <p>Yes</p> <p>Possible to include what are the techniques to be used in this research.</p> <p>Yes</p> <p>No. Only theory related (review paper)</p> <p>Yes.</p> <ol style="list-style-type: none"> 1. In abstract head, include more definition about methodology and techniques. 2. In material and methods section, add related equations/formula/algorithms for proposed research with equation numbers. 3. Explain your data collection and data pre-processing and its techniques. 4. In reference section does not follow the unique format and alignment properly. 5. The research article includes some equations, algorithms, tables, graphs, figures, etc., but your article not mentioned above information. 6. Include detailed definitions and related mathematical equations or algorithms related to Agronomic techniques. 7. Include graphs relating to your proposed work and the same graph and table number mentioned in results and discussions sections. 8. Include and comparative studies between proposed and existing systems. 9. In this research what are the tools to be used. 10. Include further research after result and discussion. 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Simple	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

Reviewer Details:
