PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. This manuscript is important for the scientific community particularly for improving yield.</p> <p>2. The title is suitable</p> <p>3. The abstract should provide a more clear timing of nutrient application, bagging and subsequent harvesting of guava fruit.</p> <p>4. The structure of the manuscript is appropriate.</p> <p>5. To make this manuscript correct scientifically, I would strongly suggest the author to provide more detailed material and methods, particularly the timing of nutrient application, bagging and subsequent harvesting of the guava fruit.</p> <p>6. The reference should be written following the style of this journal.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Grammatical errors are frequently found in this manuscript, so I would strongly suggest the author to check the English using a grammar checker.</p>	
<p>Optional/General comments</p>
