PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes</p> <p>Yes</p> <p>No, the author/s needs to re-write it by including all document parts briefly and shortly</p> <p>Yes</p> <p>Yes</p> <p>No, the Introductory part needs references almost you haven't used references whereas the references you used were not listed in the reference list part. The references you have indicated/listed in the references were not cited in your document.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>No</p>	
<p>Optional/General comments</p>	<p>The work is good work though it has a lot of grammatical problems that need to be re-written in support of your friends who might guide you. The other problem is references/citations: - please revise this part I the document as well as in the references list. Please find the suggestions I have indicated in your document.</p> <p>Moreover, I strongly advise you to make a modification considering what I have indicated in your document using a track change.</p>
