PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1-The discovery that all cancer cells, when threatened or exposed to chemotherapy, have the ability to switch to a protective state of the cells that they listen to until this situation passes is a crucial point in the fight against cancer cells. This article, which deals with this issue, is of scientific importance</p> <p>2- Good title to describe hibernating cancer cells</p> <p>3- I think it's comprehensive</p> <p>4- I think it is appropriate</p> <p>5- The article has been handled in the light of current literature, in a way that proves its scientific reality.</p> <p>6- references up to date</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>	<p>This study, which describes how cancer cells escape to an evolutionary protection program to survive chemotherapy, is beautiful. This issue, which is very important in terms of showing that new treatment strategies and applications aimed at targeting cancer cells in this slow division state, can prevent cancer from growing again, has been handled very well and in the light of current literature.</p>
