Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. Yes. Feeding by the staff is routinely required to those elderly home residents, who are lack of motivation and feeding skills. Calories and protein intakes of texture modified diet and reshaped soft meals for those residents is quite important.</p> <p>2. Yes Suitable.</p> <p>3. Yes</p> <p>4. Yes</p> <p>5. Yes</p> <p>6. No, the references are not sufficient and up-to-date. A total of 5 references are given in the prepared manuscript. Manuscript should be interpreted with current studies in the literature and its content and references should be enriched.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. Yes</p>	
<p>Optional/General comments</p>	<p>Nutrition guidelines for cooking soft meals are needed to the catering manufactures and the general public for proper portion size and nutritional requirements to maintain individuals' sufficient nutrient intake. This study is important in this respect. However, there are some issues that need to be corrected. These matters are given below, in substance.</p> <p>1. In Manucript, the texts should be given aligned on both sides. Some of the texts are left aligned.</p> <p>2. Abbreviations in the text should be written clearly when they are first used in the text, and their abbreviated form should be given in parentheses right next to it.</p> <p>3. Repeated abbreviations for the same term in the article should be avoided. Such as Body Mass Index (BMI), The Montreal Cognitive Assessment (MoCA), MOCA, IDDSI</p> <p>4. References should be reviewed according to the journal format. The references are not sufficient and up-to-date. A total of 5 references are given in the prepared manuscript. Manuscript should be interpreted with current studies in the literature and its content and references should be enriched.</p> <p>5. References should be given aligned on both sides. Some of the references are left aligned.</p> <p>6. The date and number of ethics committee permissions required for the study to be carried out should be clearly stated in the text.</p>
