

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_100077
Title of the Manuscript:	Effects of EcoTea Organic Fertilizer and Poultry Manure on Soil Health, Yield and Yield Components of Tomato
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The manuscript is important and informative to the scientific and farming community as it creates awareness on the response of tomato towards Eco Tea as an organic fertilizer compared with the local poultry manure in Nigeria. Organic farming is the safe, economic and ecological sustainable and friendly to the environment and is highly recommended for use than inorganic fertilizers. Yes or Comparative Effects of EcoTea Organic Fertilizer and Poultry Manure on Soil Health, Yield and Yield Components of Tomato</p> <p>Yes, it had a chronological flow giving a brief summary of the purpose of study, objectives, treatment used to achieve the set objectives and key findings.</p> <p>Yes, All the components are relevant and important and in compliance with the journal author instruction/format</p> <p>It is scientifically correct, however it will be more convincing if the experiment was done in two seasons to verify the results</p> <p>The references are sufficient but the citation lacks consistency. The author should revisit the guidelines to comply with the journal style</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	Yes	
<p>Optional/General comments</p>	<p>Check if there are missing references cited from the manuscript</p> <p>-Research findings become sufficient or convincing if the experiment is repeated more than once to eliminate errors and verify the findings</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
