

Review Form 1.7

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_100121
Title of the Manuscript:	Assessment of the efficiency of wastewater treatment plant in oil and gas firm in Eleme Rivers State, Nigeria.
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Efficiency wastewater treatment is very important. It prevents environmental pollution and waterborne diseases which are serious problems in many countries. Hence the manuscript is important for scientific community.</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>References are very few and not very recent. Should add more. Some examples of other references are; Kariuki et al (2021). Efficiency of a Wastewater Treatment Plant in the City of Nairobi <i>International Journal of Sciences: Basic and Applied Research</i> Dipu et al., (2015). Performance Evaluation of Prevailing Biological Wastewater Treatment Systems in West Bengal, India Bhave et al., (2020). Performance Evaluation of Wastewater Treatment Plant <i>Water Conservation Science and Engineering</i></p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>The author should use a standard reference format. There are citations in the text which are missing in the reference section. There are some statements in the document which need citation or referencing.</p> <p>Note that I have given some comments in the text with track changes. Let the author follow and change as appropriate.</p>
