

## Review Form 1.6

Journal Name:	<b>Current Journal of Applied Science and Technology</b>
Manuscript Number:	<b>Ms_CJAST_94129</b>
Title of the Manuscript:	<b>Cultivation and Marketing of Important Flower Crops in Dindigul District of Tamil Nadu</b>
Type of the Article	<b>Original Research Article</b>

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalcjust.com/index.php/CJAST/editorial-policy> )

### **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<b>Compulsory</b> REVISION comments	NIL	
<b>Minor</b> REVISION comments	<p>Though the research paper has been written with good proficiency in English language, but there are few spelling mistakes like spelling of propagation on Page No. 3 (Serial No. 12 in Table) and spelling of Fertilization on Page No.4 (Serial No.24 in Table) and grammatical errors. For example the sentence on Page No. 5 (Serial No.31 in Table) should read as - Pricing is decided and based on the season and availability of the flower crops in place of - Pricing has decided based on the Season and availability of the flower crops</p> <p>The research paper is recommended for publication after incorporating the minor Revision in manuscript suggested above in Part 1 Review Comments.</p>	
<b>Optional/General</b> comments	<p>Overall the research paper has been written reasonably well, but the spelling mistakes and grammatical errors need to be rectified before final publication in CJAST. This research paper discusses about the cultivation and marketing of important flower crops in Dindigul district of Tamil Nadu. The result of this survey indicates that price is a factor that positively and significantly influences the satisfaction of crop growers about marketing their crops, while lack of infrastructure, fraudulent practices, and lack of export promotions negatively and significantly influence the satisfaction of crop growers about marketing their crops.</p>	

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
