

## Review Form 1.6

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_82454
Title of the Manuscript:	The predictive influence of interest in online learning of Pharmacy Students' achievement in General Biology
Type of the Article	Original Research Article

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Authors have to: <ul style="list-style-type: none"><li>▪ Schematize the conceptual framework,</li><li>▪ Solidify the literature review of e-learning concept,</li><li>▪ Explain the methodology of the General Biology Achievement Test's creation (GBAT), and</li><li>▪ Enclose the GBAT.</li></ul>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	The non-significance of the majority of relationships brings us to advice the authors to take into consideration other variables (example: TRA, TAM and others) than the one mentioned in the study in order to understand the behaviour of biology students towards e-learning.	

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
