PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I suggest to the authors to revise, also expand the Introduction section. Please add some more information about connectedness. Please also mention the linguistic meaning of the connectedness and applicability of the notion of "connectedness" to the real life problems in the Conclusion section. Explain the reason of the study also by giving the notion of a "gr-connectedness". Please give the statement of the T_{gr} -space. I would like to see some more nontrivial examples.	
Minor REVISION comments	Some more relations among the existed connectedness types and gr-connectedness may be given additionally.	
Optional/General comments
