

Review Form 1.7

Journal Name:	Asian Journal of Biotechnology and Genetic Engineering
Manuscript Number:	Ms_AJBGE_100877
Title of the Manuscript:	Cyber-Biosecurity; A Paradigm Shift In The Field Of Life Sciences And Agriculture Sector
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>It was important for scientific community as it proposes a new topic Cyberbiosecurity which was intersection of the biological sciences and the information technology fields.</p> <p>Suitable</p> <p>Abstract of the article was comprehensive</p> <p>Appropriate</p> <p>Correct</p> <p>sufficient</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>		
<p>Optional/General comments</p>	<p>The paper named 'Cyber-Biosecurity; A Paradigm Shift In The Field Of Life Sciences And Agriculture Sector' proposes a new topic Cyberbiosecurity which was intersection of the biological sciences and the information technology fields. This paper presents a review summarizes all the aspects of new discipline of cyberbiosecurity.</p> <p>The paper is well written and to be considered for publication. The detailed comments are listed as below:</p> <p>The authors clearly presented their contribution to the body of knowledge in the research perspective.</p> <p>The authors suggested that the fields of cybersecurity, cyber-physical security, and biosecurity, in their respective applications to biological and biomedical-based systems, should be combined under the umbrella term of cyberbiosecurity.</p> <p>The authors need to mention brief review about the latest applications in Cyberbiosecurity which will make the paper more effective.</p> <p>The paper is acceptable for publication.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
