

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_97113
Title of the Manuscript:	Growth and yield of rice as influenced by climate smart nitrogen and water management approaches
Type of the Article	Experimental article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
<ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments) 	<p>Increasing the efficiency of nitrogen utilization by crop plants is extremely important for productive and environmentally friendly farming. The topic of the article is important and relevant.</p> <p>The title of the article mentions smart nitrogen, but the text lacks explanation.</p> <p>The abstract does not contain information about the essence of the research - the role of smart nitrogen. It is mentioned below partly, in the substantiation of the article.</p> <p>The data discussion is based on a traditional approach. It does not reveal the topic announced in the title of the paper.</p> <p>In the modest list of references, there is no information on smart nitrogen in plant nutrition, there are numerous publications on it in 2021-2022.</p>	
Minor REVISION comments		
<ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
