EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>1. Since the GC/MS chromatograms (Figure 1 -4 ) are unclear, the authors should report the GC/MS results in the Kovats retention index for each substance. Please improve the manuscript to be of high quality.</p>	<p>I truly appreciate your concern about the clarity of figures 1-4. However, I feel this is the best I can offer as the result manuscript is not any better. This communication has availed me another opportunity to effect some minor corrections on the document. Best regards.</p> <p>I sincerely appreciate your desire to have a nearly impeccable article from me. However, I feel reporting the results using the Kovats Retention Index will amount to doing a lot of changes to my discussion.</p>
