General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalibrr.com/index.php/IBRR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Tables should be well organised; lines and columns were shifted and not in proper layout. Especially headings of the columns. At Table 3 in 2 nd and 3 rd columns there are asterisks (*, **) in the headings but no explanations were given as footnotes at the bottom of the tables. The meanings of the asterisk must be given. There are so many references and lots of them not cited in the text. Besides lots of references not listed reference section. References must be re-arranged and written again, please take care of writing references according to journal style. I think those references are not belong to this manuscript. Some wrong statements and missing parts were highlighted in yellow colour especially at discussion section. There is no true citation were given in the text especially in discussion.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
