

Review Form 1.7

Journal Name:	Journal of Materials Science Research and Reviews
Manuscript Number:	Ms_JMSRR_97317
Title of the Manuscript:	Optimization of Reaction Conditions for Green Synthesis of Silver Nanoparticles Using Coffea Arabica Leave Extract
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	<p>Yes, it is important due to this manuscript includes an eco-friendly method for synthesis of silver nanoparticles. As well, different conditions are applied for determination of the most precise conditions for preparation of silver nanoparticles.</p> <p>No, condition optimization for green synthesis of silver nanoparticles using <i>Coffea arabica</i> leaf extract.</p> <p>Yes, the abstract is comprehensive.</p> <p>Yes, they are appropriate.</p> <p>Yes, it is correct.</p> <p>No, they are sufficient but not recent.</p> <p><i>Coffea arabica</i> plant extract should be written italic along with the text.</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	No, English quality is required to improved and the language should be revised.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
