

Editor's Comment:

After analyzing the paper and the reviews, I found that the paper still requires some corrections, respectively some words in the text of the paper are written together without space (for example: usedsecondary correctly it is written: used secondary; cash(Goldfeld&Sichel1990), correctly it: cash (Goldfeld & Sichel, 1990), prerequisitesfor, correctly it: pre requisites for; Mlambo &Msosa, correctly is: Mlambo & Msosa) or after the punctuation there is no space for the next word (for example: significant.However, correct: significant. However). And so on to all the words I marked in green in the text of the paper. Only if they will be corrected I recommend publishing the paper.
