

Editor's Comment:

Accepted after the authors have made the indicated corrections

1) *Brassaiopsishainla* should be written in the title and throughout the text in italics and in upper and lower case, not just upper case

2) *in vivo* and *in vitro* must be written in italics and with lower case letters

3) Fig. 1:

Pharmacological activities of the MEBH leaf extract (*in vivo* and *in vitro* approaches) is misplaced in the text, it is a "Graphic Abstract" that should be in the introduction but should not be part of Material and Methods since which does not reflect the methodology but the description of the biological activity of the leaves of *B. hainla*. Besides that figure 1 is not described in the text.

Note: Accepted after the authors have made the indicated corrections.
