

**Editor's Comment:**

The manuscript, 2023/JAMMR/97577 entitled "Retrolaminar block can provide effective analgesia in nipple-sparing mastectomy with latissimus dorsi flap reconstruction: a report of two cases" is ready for publication. My final editorial decision about the manuscript is "ACCEPT (APPROVED)".

**Editor's Details:**

Dr. E. Umit Bagriacik  
Gazi University, Turkey.
