

Editor's Comment:

The manuscript "Influence of nutrition on growth and yield of G4 mulberry variety (*Morus alba* L.) and bioassay of multivoltine silkworm, Pure Mysore in Southern dry Zone of Karnataka, India (manuscript # 2023/JSRR/99102) is a marginal one. References are less (15) in number and old to support the research work. In places, the words are without space, possibly it is due to differences in the version of the word software.

The following minor corrections are suggested.

Introduction: Correct the spelling of Ananthavallia et al., 2019). As Ananthavalli et al., 2019)

Bioassay study: (Patil et al.,2001) referred in the text, but not listed in the Reference list.

Correct the spelling of Krisknaswami, as Krishnaswami, in the reference section.

After incorporating the suggestions, the manuscript is acceptable for publication in the Journal of Scientific Research and Reports.
