

Editor's Comment:

On analyzing the manuscript, I found the following:

1. Title is of utmost importance.
2. Abstract is significant.
3. Keywords are justified.
4. Introduction is informative.
5. Methodology is appropriate.
7. Results are well explained.
8. Discussion is justified.
9. Conclusion is small and meaningful.
10. References are less but enough.

I hereby recommend the article entitled as "Analysis Of Economic Growth On Carbon Dioxide Gas Emissions In G20 Countries" for the publication.
