

Editor's Comment:

I have some comments:

- 1.- What was the sampling method?
- 2.- What was the sample size calculation?
- 3.- How was the randomized method?
- 4.- What was the statistical analysis?
- 5.- There is a mistake in the p-value (Table 5)
- 6.- What was the Ethics Committee that approved the study?
- 7.- How was obtained the announcement to participate of subjects lesser than 18 years old?
- 8.- What was the number of registries of Clinical Trials?
